

# Face Painting Workshops

Thanks for booking into our

## ***BEGINNERS FACE PAINTING TECHNIQUES WORKSHOP***

### **THINGS TO BRING:**

- A pack of baby wipes. You will be doing LOTS of painting, wiping off and painting again.
- A container for brush water. An ice cream container, takeaway container or plastic bowl works well. Otherwise professional "brush baths" are available from Fancy That for \$22. Ring to check availability as these are often a pre-order item.
- Your camera or phone, to take photos of your masterpieces!
- A notepad and pen for note taking.
- Drinks and your lunch (we will have a short lunch break). We have a kettle and microwave if needed.
- Old clothing that doesn't matter if paint gets on it! We recommend wearing short sleeves as your arm will be your canvas. Shorts or skirts can work well too if you want to practice on your thighs.
- You will need some face paints. See page two for options.

### **THINGS TO KNOW:**

Due to the venue size and so you can get the most out of the workshop, we can only accommodate participants, so children or friends are unable to attend with you. We will begin promptly at 11am and endeavour to finish on time at 4pm, but please make allowances for extra time as workshops occasionally run over time.

During the workshop, feel free to ask questions! No question is too silly and someone else may be thinking it as well. Please move around for a better look if you can't see something, and don't hesitate to ask for something to be repeated. Take notes, take photos, TRY TRY TRY every technique and by the end of the workshop you'll be laughing, having a great time and amazed at the creations you have made.

After your workshop, we will invite you to join our special members-only Facebook group where you can get a first glance at upcoming face painting workshops, special deals and stay in touch with others by helping plan "jams" (free get-togethers with other face painters).

Thanks again for booking and we look forward to seeing you at the workshop!

Generic craft store brands are generally not skin safe, and can cause allergic reactions. Tubes or tubs of paint are also not recommended. We use and recommend either TAG, Global or Mehron. If you are not sure if the brand is suitable, please contact us to confirm.

**NOTE:** Each kit can be tailored to suit your individual needs. Don't hesitate to pop in to Fancy That before your workshop and we can design a special kit just for you.
